Our annual weekend event started as a one-day event! Over the years, we chose the name, "Native Moccasins Rock" to cover our time together. Along with the name, we added more interactive workshops revolving around cultural and traditional arts, teachings and efforts to share the knowledge of our leadership. **The Committee on Native American Ministries – known as CONAM – is a part of the TN-Western KY United Methodist Conference.**

An intergenerational weekend, Mocs Rock is open to all. We also began to have a focus about MMIW-also known as MMIP and MMIR.

Our storytellers: Amy Bruton Bluemel and Tonya Dockery  
Ask Amy about Tom! Tonya and the Rabbit!

New this year! Jimmy Reedy sharing about powwow etiquette and being an arena director. Lorie knows how to sew-join her in her ribbon skirt education!

Emerson will be teaching flute and gourd rattles. Charlotte will share her knowledge about seeds into the future
